

HAMPSHIRE RUGBY FOOTBALL UNION LIMITED

Hampshire Under 16 County Squad

Invitation to Trial

Your Club/School feels that you have been playing to an exceptional standard and could potentially represent your County; you are therefore invited to attend the trial but before you accept this invitation you should consider that every year some players are bitterly disappointed not to have been selected for the final squad. All players will be nervous but how they deal with this is important for trials and games.

Please note that we do not take into consideration players attainments so far. Kit should not identify player's club/school/academy as all players are assessed purely on their performances at trials.

The trials will be held on Sunday 15th October 2017 at Fareham Heathens RFC Cams Alder, Palmerston Drive, Fareham PO14 1BJ. Registration will start at 12:30, please do not be early to allow the club's youth players time to leave. Parents will be emailed results of the trial by Wednesday 18th October 2017.

Please Bring With You :

Neutral kit, Gum shield, boots, wet weather gear and appropriate food and drink.

First Aid and Physiotherapy Cove

First aid and Physio cover will be provided however due to the number of players expected we cannot provide parental cover. Therefore all players are to have a nominated adult present with the player's emergency contact details.

What we expect

Players should be able to commit to the appropriate trials, the majority of training and all of the Games. You will not be considered as available to play in a County match if you have played in another game that same weekend for your school or Club. This is for your own safety. Training will be on nominated Friday evenings and games are on Sunday afternoons.

The U16 fixtures are not finalised yet but so far are
